Enforcement

Report No. 12

1 September to 30 September 1984

WA No. 83-72

Olin - North Little Rock

Region VI

✓ EPA Primary Contact: Jim Mullins (214) 729-9704
GCA Project Manager: Anne Marie Desmarais (617) 776-5400, x410

GCA reviewed the OLIN analytical data and began writing the background material for the Endangerment Assessment. GCA also began writing toxicity profiles for five pesticides found in the highest concentrations at the site. GCA will continue preparation of the Endangerment Assessment in the next reporting period.
